Midea Hood

PERFECT YOUR KITCHEN

MBI-90F140SK-SG | MBI-90F140BK-SG | MBI-90M79SK-SG | MBI-90M79BK-SG

MIDEA CHIMNEY HOOD

Options for different ways of installation are fully in your hands. Blending in or Standing out, both are the ideal way to fit in your kitchen.

3D CIRCUM VENTILATION

The detachable convex condensation plate, leaves large air inlets for 360-degree extraction and better guides smoke flow, optimizing its extraction efficiency.

4-speed airflow

Always have the most suitable power under any cooking scenario.

Easily-clean design

Black glass plate design, easy for you to wipe grease off.

MIDEA SLIMLINE HOOD

Slim body does not take up too much of your cabinet space.

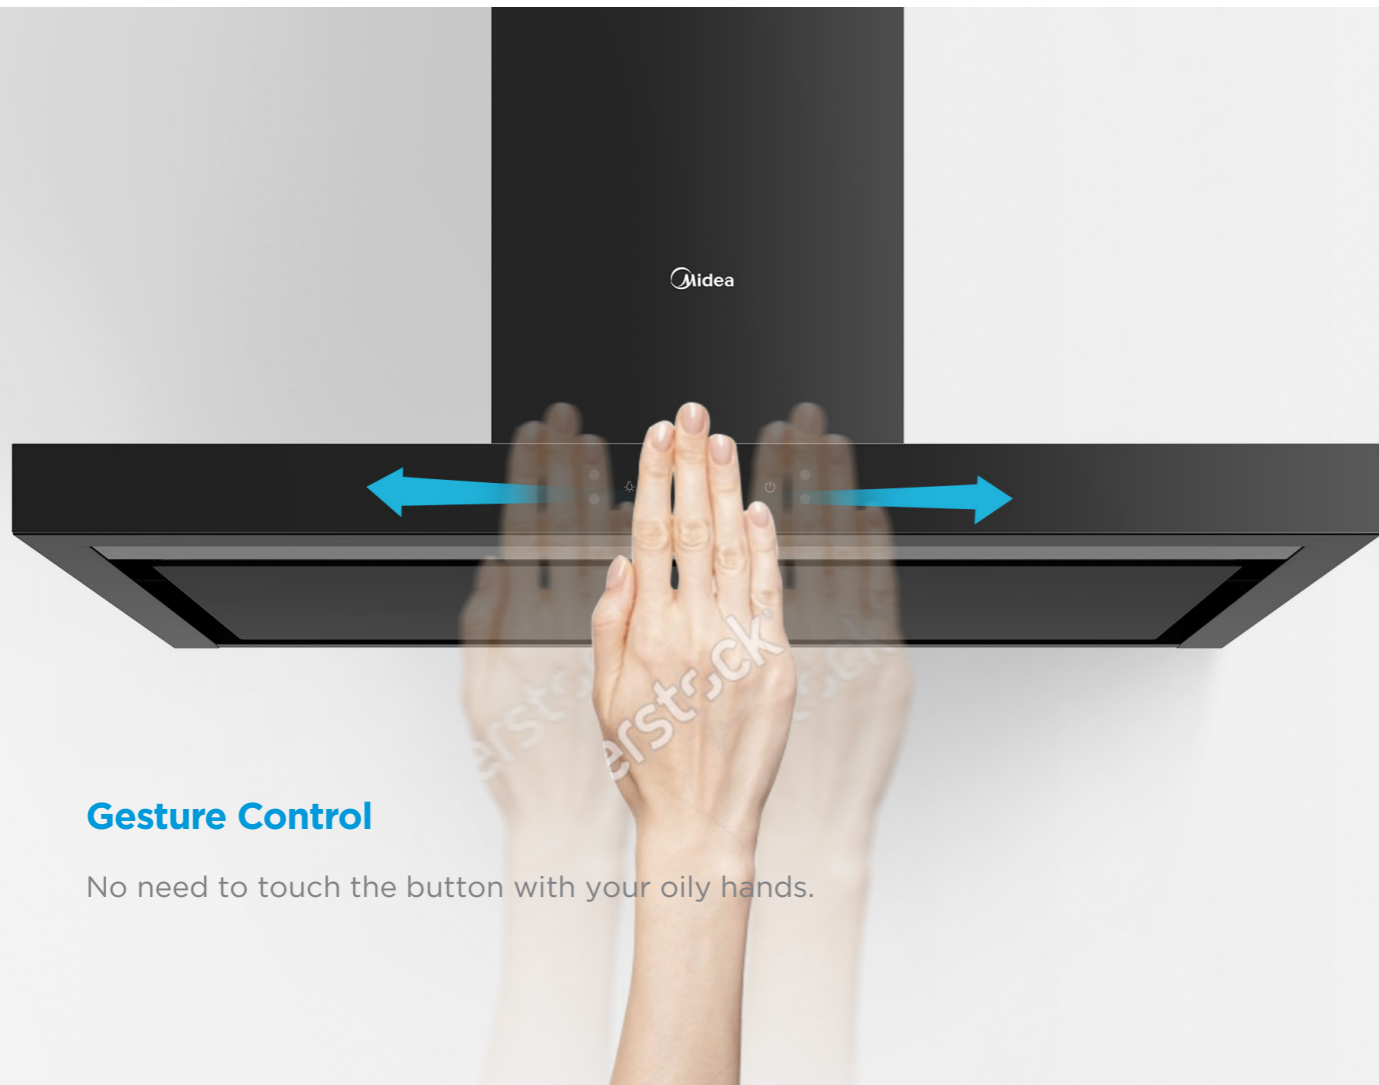

105mm

Save space

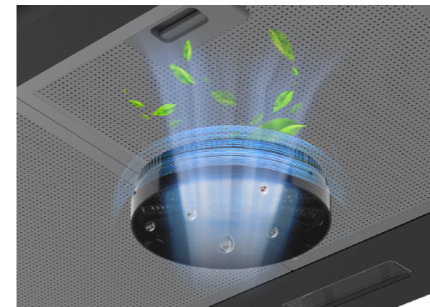

Easy to clean

Gesture Control

No need to touch the button with your oily hands.

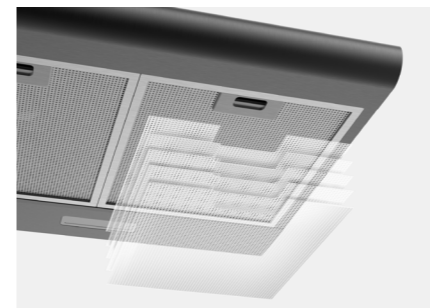

The thickened carbon kit takes in more grease and odor.

Twin 80W motor with powerful 6m³/min suction.

3-speed offers the ideal suction power.

5-layer aluminum filters efficiently capture the grease.

The thickened carbon kit takes in more grease and odor.

Light up your cooktop with energy-saving 1.5W LED lights.
